JOURNAL CLUB PRESENTATION

Pfeiffer Syndrome

Journal Club Meeting on 24.01.2018 and presented a journal article on “Pfeiffer Syndrome” it is a genetic disorder characterized by the premature fusion of certain skull bones, this early fusion prevents the skull from growing normally and affects the shape of fingers and toes .

Toxic Synovitis

Journal Club Meeting on 23.07.2018 and presented a journal article on “Toxic Synovitis” it is inflammation of the hip which cause limping and pain in the hip and leg, it is caused by viral infection.

Effect of Technology on Children

Journal Club Meeting on 16.10.2018 and presented a journal article on “Effect of Technology on Children” too much exposure to electronic devices can seriously damage children’s health and development. Although technology provides the entertainment and technology kids need, there are many other ways to keep them entertained. We can encourage them to try outdoor sports and games with other kids, which can be very healthy and enjoyable
