MESSAGE FROM HEAD
OF THE DEPARTMENT

It is a matter of great pride and satisfaction to bring out the Newsletter for the Academic year 2018. This edition of the Newsletter reports the significant activities carried out by Students and Faculty in the areas of Teaching and Learning, Research and Development. I appreciate the efforts put in by editorial board to bring out the Newsletter.

JOURNAL CLUB PRESENTATION (JCP)

WATER BIRTH

Water birth is childbirth that occurs in water. Proponents believe water birth results in a more relaxed, less painful experience that promotes a midwife-led model of care.

WILSON'S DISEASE

Wilson's disease is a rare autosomal recessive disorder of copper metabolism. In second pregnancy, medically induced abortion was performed in the 12th week because of deterioration of the underlying disease, liver cirrhosis with portal hypertension.

HYPNO BIRTHING

HypnoBirthing is a childbirth education course that emphasizes natural childbirth and teaches self-hypnosis techniques to combat fear and pain during labor.
