THE NEWSLETTER 2022-2023

DEPARTMENT OF MEDICAL SURGICAL NURSING

OPENING MESSAGE

Dear Friends,

I am immensely happy to felicitate all you through this issue of '*BEATS-7*'. I would like to applaud and appreciate all those in the department of Medical Surgical Nursing, who rendered their hard work and full cooperation for the successful activities and celebrations of the academic year 2022-2023. Above all, I would like to congratulate and thank all our staff – teaching, nonteaching and students for their commitment in preparing and presenting our college worthily during 2022-2023.

We cannot escape changes. We change. We see changes all around us, in our institution and in the society, we live in. The question really is whether we are instrumental for good changes for a better life. Let us buckle up and start preparing for the next academic year with full vigor and enthusiasm.

I wish you all success and happiness

Dear Readers,

It is indeed a great honor to be the Newsletter Editor for the "*BEATS-7*" and it is an immense pleasure to launch this *SEVENTH* issue for the academic year 2022-2023.

In this issue, we will recount and rewind the various programmes and activities in which our department members were actively involved since July 2022 June 2023. Over the past twelve months, we learned much about the opportunities and challenges that lie ahead of us as an institution. Furthermore, our department of Medical Surgical Nursing which is well known for the hard work, dedication and innovative skills and especially for the students.

A huge thank you to all the persons who contributed in all the activities and inspiring work during this academic year, without which there wouldn't have been this newsletter issue.

My prayerful wishes to our department for great success and laudable achievements.

Journal Club Presentation

Hey It's Informative!

Department of Medical Surgical Nursing, organized a Journal Club Presentation on "H3N2 Influenza" on 24.4.2023. The topic was presented by Ms.L.Mithuja. H3N2 influenza is also called as Hong Kong flu, a type of influenza A virus which is extremely contagious. This can be prevented and controlled by practicing good personal hygiene, avoid overcrowding, drinking plenty of fluids, stay hydrated and following doctors treatment and prescription

SOME INTERESTING FACTS ABOUT HEART

Your heart beats over 100,000 times per day.

Your heart pumps about 1.5 gallons of blood every minute. Over the course of a day, that adds up to over 2,000 gallons.

There are 60,000 miles of blood vessels in your body. That's enough to go around the world twice.

The average heartbeat of a woman is about 8 beats a minute faster than a man's heartbeat.

Every cell in the human body gets blood from the heart except for the cornea.

More heart attacks happen on a Monday than any other day of the week.

An adult heart is about the size of two hands clasped together. A child's heart is about the size of a fist.

Achievements of faculty

Dr. S. Lakshmiprabha got Kalvi Sevagar Viruthu by Kurinji Kabilar Tamil Sangam

Mrs. R. Indhumathi got Kalvi Sevagar Viruthu by Kurinji Kabilar Tamil Sangam

Dr. S. Lakshmi Prabha went as resource person for state level Seminar in Sri Shanmuga College of Nursing, Salem.
