**MESSAGE FROM
HEAD OF THE
INSTITUTION**

Our college is to provide knowledge, skills, ability, attitudes, and beliefs that are essential for a productive and successful life. Our college is imparting quality education that would enrich every student's cultural, intellectual, social life. We are committed to maintaining a balance between theory and practice. We endeavours facilitate the learner to gain knowledge and experience enabling them to achieve meaningful individualistic development and the well-being of society at large.

MESSAGE FROM HEAD OF THE DEPARTMENT

EVENTS OF THE YEAR

JULY

GUEST LECTURE

It is a matter of great pride and satisfaction to bring out the Newsletter for the Academic year 2022-2023. This edition of the Newsletter reports the significant activities carried out by Students and Faculty in the areas of Teaching and Learning, Research and Development. I appreciate the efforts put in by editorial board to bring out the Newsletter. I feel, this is the right time to reflect on our contributions of the year. Areal awareness on “where do we stand in evidence-based nursing practice” is essential in the context of the advancement not only in the profession of nursing but also in the allied disciplines. This is the first and humble effort in bringing up the research projects & students.

World Breastfeeding Week - 01.08.2022 TO 07.08.2022

World Breastfeeding Week (WBW) is celebrated from August 1-7 every year to encourage and spread awareness on breastfeeding around the globe. The global campaign drives the goal with a focused theme annually. The 2022 theme for World breastfeeding week is "Step up for Breastfeeding Educate and Support", seeks to involve governments, communities and individuals. The theme aims to raise awareness about sustainable breastfeeding environments. This highlights "the links between breastfeeding and survival, health and wellbeing of women, children and nations". The World Breastfeeding Week sets a platform to promote the huge benefits of breastfeeding for the welfare of babies and mothers and establishing food security.

Video Presentation Speech and Social Drama was Organized by Department of Obstetrics and Gynaecological Nursing in the lieu of World Breast Feeding Week based on the theme at Urban Maternity Health Centre, Suramangalam, Salem. Around 65 antenatal and Postnatal mothers were participated and got benefited through this programme
